SKILLS

HTML5	CSS	JavaScript	React
Python3	Git	Apollo-server	Express
Jest	Supertest	MySQL	Node
Graphql	Styled-components	Material-UI	Redux

PROJECTS

Sauti Databank - Full Stack Developer   Jan. 2020 to Mar. 2020
- View Github here - https://github.com/Lambda-School-Labs/sauti-databank-fe
- Refactored the backend to Apollo-server.
- Created new role in MySQL database of paid user and worked with a team to integrate Paypals subscriptions API to our application for paid users.
- Implemented the ability to share the website on Twitter and Facebook via their SDKs.

Disney Parent - Backend Developer   Nov. 2019
- View Github here - https://github.com/Build-Week-Web26-Disney-Parents/BE
- Designed Postgres database for users, posts, replys, and instant messages.
- Developed a secure authentication system using json web tokens, as well as secure routes based off user id and if the user is logged in.
- API creates the ability for users to create posts, reply to other posts, as well as message users directly.

Lendr - Frontend Developer   Oct. 2019
- View Github here - https://github.com/JoshHill15/lendr
- Collaborated on design with the other frontend developer.
- Created intuitive routing with react-router-dom and validation on forms.
- Implemented state management with Redux.

EMPLOYMENT

Team Lead · Lambda School · Jan. 2020 to Mar. 2020
- Provided daily live code reviews for 8+ students and led feedback sessions on code improvements, readability, and best practices.
- Led 1:1 mentoring sessions to review students code quality and readability.
- Tracked student attendance, grade evaluation projects, and complete student progress reports.

Detailer · Autonation Toyota · Oct. 2017 to Oct. 2019 · Winter Park, FL
- Provided support to management in the upkeep of the cleanliness of the detail shop.
- Ensured every car passed inspection when finished and kept track of hours for every car.

Lifeguard · Wet 'n Wild · May 2015 to Sept. 2017 · Orlando, FL
- Performed hundreds of rescues and tended to minor injuries over the course of two years.
- Kept surrounding areas around lifeguard stand clear of trash and debris.
- Took initiative in staying up to date in rescue techniques, CPR, and AED training.
